Review

"This has everything: suspense, pathos, politics, war, humor, diplomacy and intergalactic finance."
—Publishers Weekly

"In the year 3000, Earth has been conquered by nine-foot-tall, gas-breathing alien invaders called Psychlos. The few surviving humans are treated as nothing more than pack animals worked to death mining the Earth of all its resources. But a small band of rebel humans, led by Jonnie Goodboy Tyler, vow to fight back against impossible odds and reclaim their planet.

"In the book's introduction, Hubbard states: "When I started out to write this novel, I wanted to write pure science fiction. Science is for people. And so is science fiction." If Battlefield Earth's phenomenal worldwide popularity is any indication — almost 7 million copies sold in 26 different languages -- it's safe to say that he succeeded. Considering the quality of the story (Battlefield Earth was voted as one of the top three English-language novels of the 20th century in a nationwide Modern Library reader's poll) and the tender loving care that went into the production, this 20th anniversary edition is more than pure science fiction. It's pure literary gold." —Paul Goat Allen - Barnes & Noble

"Over 1,000 pages of thrills, spills, vicious aliens and noble humans. I found Battlefield Earth un-put-downable." —Neil Gaiman

"A terrific story." —Robert A. Heinlein

"If you like the kind of fast, unrelenting 'Raiders of the Lost Ark' action, then this is the book for you. It's a real page turner." —Rocky Mountain News

"An unrelenting, whooping good yarn" —Los Angeles Magazine

"An epic science fiction adventure, the absorbing story captures the mind and imagination." —Orange County Register

About the Author

With 19 New York Times bestsellers and more than 230 million copies of his works in circulation, L. Ron Hubbard is among the most acclaimed and widely read authors of our time. As a leading light of American Pulp Fiction through the 1930s and '40s, he is further among the most influential authors of the modern age. Indeed, from Ray Bradbury to Stephen King, there is scarcely a master of imaginative tales who has not paid tribute to L. Ron Hubbard.

BATTLEFIELD EARTH BY L. RON HUBBARD PDF

Suspense, politics, war, humor and intergalactic finance. A towering masterwork of science fiction adventure and one of the best-selling science fiction novels of all time, L. Ron Hubbard's *Battlefield Earth* opens with breathtaking scope on an Earth dominated for 1,000 years by an alien invader and man is an endangered species. From the handful of surviving humans a courageous leader emerges Jonnie Goodboy Tyler, who challenges the invincible might of the alien Psychlo empire in a battle of epic scale, danger and intrigue with the fate of the Earth and of the universe in the tenuous balance. Tight plotting, furious action and have at'em entertainment. Kirkus Review

New version even better!

By A. King

Amazing! Get this book immediately! If you are a sci-fi fan or any fan of great story telling and complex characters with a great storyline.... this book is for you!

8 of 8 people found the following review helpful.

So, so, so, good. Satisfying *and* fun.

By SandraTWP

Wow. I've read L. Ron Hubbard previously, but some how this book got past me. I can't believe it.

If I use the word epic, please know that I am NOT exaggerating. I'll conceded, Hubbard was no Tolkien, but I cannot help but repeated make comparisons (in that epic sense) between Battlefield Earth and the LOTR books. The plot arcs are well constructed - you are lead to expectation, and then a satisfying resolution. But, more and more often, I found myself anticipating the resolution, looking to my Kindle app and thinking... "What? How can I ONLY be 30% of the way through?"

This book is something I realized I've missed: a 1000 (or more) page book where you actually WANT to read to the end. As a heavy Kindle reader, I've become accustomed to the mini-bite books that Kindle authors churn out, much like the serial novels of the 19th century.

I began reading Battlefield Earth in preparation for reading through it with my boys this winter as part of our schoolwork. It didn't take long before I was reading for my own pleasure. Love the characterization, love the speculation on the future of mankind, love the metaphors of how current practices may be impacting humanity right now. I KNOW my boys are going to love the story, and as a homeschooling mom, I am just LOVING all the teachable moments I'm finding through the book.

Edited to add two things:

First, I purchased the Kindle edition of this book to read, and I also purchased the Audible version to listen to on a car trip. Later, the publisher sent me a trade paperback version for review purposes on my blog. I wrote this review PRIOR to receiving the hard copy, but I'm still putting this disclaimer in the interests of full disclosure.

Second, since I posted this, my oldest son started reading Battlefield Earth at my suggestion. He is carrying his Kindle *everywhere* so he can continue to read at any given moment of free time. What really surprised me, though, was finding out that my two younger sons (11 and 9) have ALSO started reading the book. Apparently (it happens), I sent the book to all of their Kindles (sometimes I send files to the wrong Kindle, sometimes I do it on purpose and forget... this isn't a new thing in and of itself). One of my sons is just not really a reader. Reading for recreational purposes is simply not his go-to. But, he had started listening to the audiobook on our car trip, and decided he wasn't waiting for the rest of the story.

Great Story

By Susan Johnson

I loved this book. Such a great story. I was surprised that it was so good. Highly recommend the book.
