BEAUTIFUL BABIES: THE ART OF REBORN DOLL MAKING (PAPERBACK) - COMMON BY BY (AUTHOR) MICHELE BARROW-BELISLE PDF

Just what is a "Reborn Baby" you ask? Reborn Doll making is the fascinating new art of taking a vinyl baby doll, and enhancing it using repainting techniques, to create the look and feel of a real live baby. The results are simply breathtaking and the dolls are very often mistaken for actual infants. We share our secrets for creating Beautiful Babies in this step-by-step manuals, so you too can le...

Reborning Overview

By Kelly L. Smith

This is a beautifully photographed book which addresses many aspects of reborn, including assembly, painting, rooting and detailing. I was also very impressed to find a section with instructions on how to open eyes in vinyl and three pages regarding ethnic babies. Additionally, there is an extensive list of suppliers with detailed photos of the various products.

This is a beautiful reference, and would also make a lovely gift or coffee table book.

Great pictures, text not bad either but the typos?? Ugh.

By JP1717

This book left me with mixed feelings. It has great pictures and amazing help with color. The pictures speak thousand words. This book helps by just using the pictures as a reference when you are doing your painting. The text is ok, to my opinion hard to follow directions. I like step by step, this is not it. And one annoying thing in this book... the number of typos. Michelle, you have a talent, but PLEASE have somebody proofread your work next time before you publish. It looks very unprofessional and for the cost of this book, these types of typos are unacceptable to me. Hence the four stars, although my tru rating should be 3.5. It's better than 3 but not quite 4 stars.

10 of 10 people found the following review helpful.

This book is okay...but not great

By Ollie Haney

This book is also over priced. If you are looking for information on how to do ethnic skintones without using RIT dye, this is not the book. Some of the information is okay, but really, you can get the info in this book online for free.
