## Review

Review from previous edition Steve Peers's book on ' Third Pillar ' matters is a remarkable volume, at both what one might call the ' macro- ' and ' micro- ' levels. At the higher level, it gives some sense of quite how much action has been taken in the sensitive fields of criminal law and immigration under the EU umbrella. At the level of detail, Peers shows just how complex the programmes are. ...It is a tribute to the massive endeavour of Professor Peers, as well as to the broad scope of his knowledge, that this book carries off with enormous authority both the macro- and micro- tasks. Colin Warbrick, International Journal of Refugee Law, Vol 20, No.1, March 2008 EU Justice and Home Affairs Law offers a thorough and accessible account of this important and developing area of law...This book will be of real value to those working in criminal law, legislation, policy development and considering as it does visa, border control and the free movement of people, those within immigration and asylum and related areas David Dickson, Extradition Team Leader, International Co-operation Unit Crown Office Edinburgh

It includes analysis of the widened jurisdiction of the EU's Court of Justice, the revised rules on the participation of the UK, Ireland and Denmark and relations with non-EU countries in this field, and of the impact of the new framework for human rights law in the EU, including the binding status of the EU's Charter of Fundamental Rights and the EU accession to the ECHR.

In the area of immigration and asylum law, this new edition scrutinizes a wide range of issues that include; the development of the EU's border control agency; the adoption of an EU visas code; EU databases (such as the Visa Information System and the second-generation Schengen Information System); the further development of the Common European Asylum System; the EU's Returns Directive; and the Blue Card Directive for the admission of highly-skilled workers.

In the area of civil law, this new edition contains an updated overview of recent legislation, including EU rules on conflicts of law, maintenance, payment orders, small claims, and mediation.
