Harper Jameson, had built the necessary walls to keep her heart safe. Never again would she allow herself to become weak and vulnerable.

Confident and full of attitude.

A mask she wore that many fell for...

Except Easton Black.

He was equally confident, cocky and knew what he wanted.

Determined.

Things he wanted rarely escaped his grasp. He was immune to the façade Harper had created.

She was Intriguing.

It was Inevitable and Harper could sense that there was no way out. Easton Black would no doubt be the man who could change everything.

People aren't always as strong as they appear to be on the outside...

I loved this book

By MP604

I received an arc for an honest review.

I loved this book! The story and characters were developed really well. I absolutely loved how strong and independent Harper is, even in her "weaker" moments, she found a way to keep pushing forward. Easton is definitely a handful. He's cocky and a bit arrogant, but I loved it! I really enjoyed how these two interacted with each other!

The storyline flowed really well and I was able to connect with the characters. There was plenty of humor

and quite a few twists that I didn't see coming. I did not want to put this one down and I'd definitely recommend it to other readers.

May contain some spoilers

Cute story. I like that we get a lot more from the H&h from book #1 and their story continues since there aren't any epilogues.

◆?WHAT DID NOT WORK FOR ME:

?Tons of OW drama: H has a long and complicated history with crazy, cheating ex-gf, who still works for him. She jealously confronts h, trying to start trouble, then she claims to be preggers with H's baby (he slipped up and slept with her again 2 months ago, before getting with h). Then comes doc appointment, waiting for paternity test...Causes lotsa tension and strife between H&h, H acts like an jerkface. I just don't wanna read about that OW crap for the ENTIRE book.

?OM drama: At the beginning, h finds out the guy she's dating is married. She keeps running into him and his wife. Drama causes an argument with H & h at the end.

?h hires strippers for bachelorette party (for h from book #1) and H doesn't like it....even though he OWNS 2 strip clubs....double standard or what!?! Plus, I'm just not a fan of people in committed relationships watching strippers.

A MUST read!!

By For the Love of Books

C.A.Harms is one of my go to authors. I have loved every word she has written!! And oh man INEVITABLE is no exception. Easton Black is certainly an alpha male in every way. But he is lovable. And his adoration of Harper is adorable. Harper has a past which causes her to distrust men and to push away the good guys. Can Easton break her down? Will bumps in the road split them up? What makes this book even more wonderful is the circle of friends who've become integral to the storyline. They add the fun, humour and a glimpse into what the next book may be about!! I adore this book and this author so it's easy to give my 5 stars~ Rosie
