In the second edition of the book, Child Protective Services Whistleblower, Carlos Morales, exposes the dangerous tactics and overt corruption that he witnessed as a CPS investigator. Through keen insight, analysis, war stories, and interviews with attorneys & judges, Carlos Morales speaks truth to power in this shocking book. Unlike anything ever published, he breaks down exactly what families should do to protect themselves from this monolithic agency that has destroyed the lives of children & parents. Parents across the country have already used his legal recommendations and saved not only thousands of dollars on lawyer fees, but also protected the future of their family. It is imperative that people understand Child Protective Services in order to save their families, and this book accomplishes that in a gripping and thought provoking manner.

This is a very brave exploration into an extremely important ...

By Brett Veinotte

This is a very brave exploration into an extremely important but largely neglected subject. Everyone interested in pursuing alternative forms of education (homeschooling, unschooling) in 21st century America should take a little time to educate themselves on the practices and mission of Child Protective Services.

A Copy for Every Expecting Parent

By J. Young

This book was ordered well, filled with concise information, and carries an extremely helpful section on how to handle CPS, which is vital to have in hand if CPS comes knocking at your door.

Considering anyone can call for any random reason, whether true or false, this book almost seems as terrible

necessity to give to anyone planning to start a family or who already has children they want to protect. It is also a quick read, though not lacking in depth, which is also handy if CPS comes with the threat of ruining your children and tearing your family apart.
