Attractive & Inspiring Kids Book!

By Eduard P Kusumadjaja

Reading a book is very important for your kids in my opinion. As you know, there are so many kinds of game consoles, tablets, etc that made kids more interested playing games rather than a reading a book. So I bought this awesome kids book for my niece. Luckily, she prefers reading rather than her brother, who really likes playing games with his friends. She likes this one, because this was written by her favorite author, Emily McLeod. It has very attractive pictures, and also has inspiring story. It's definitely a recommended kids book!

This is really a very interesting story with good lesson for all. I like the characters Ted, Jag and Ash, and

how they played their role to save the earth and all living things on earth. Through this story the author gave a clear and very important lesson to all that we should live in harmony and peace, and give importance to all living things on earth to maintain the ecosystem. The graphics are also nice and the characters are also very interesting. I would definitely recommend this book to all kids and parents too. Recommended.
