This is a superb and must-have book for tourists. It is a complete guide for people who plans to go on a unique place solely for pleasure. It does not matter whether it will be a luxurious type or a budgeted one. The book contains a lot of suggestions that shows the best way on how to obtain the most during your stay. There are plenty of tips on how to go to this paradise islands from your starting place, finding cheap food, getting around the island, and things to consider during your stay. The place is a Muslim country and some limitations has to be observed but there are many identified places there where visiting tourist are allowed to do everything without minding the religious tradition.

Maldives is really a remarkable island. With its turquoise sea, endless white beaches and overwater bungalows, what more can anybody ask for? But before going there, it is wise to read this awesome book first. The information you will gather here will spell-out the kind of pleasure you will enjoy on your dream vacation.
