Awesome m/f/m erotic paranormal romance!

By The Jeep Diva

Tira truly believes her Gift is more curse than anything. She knows that she wants to be with both Nic and Duke. She knows that both Nic and Duke reciprocate these feelings. She knows that both men want to be with her in a relationship where they all three enjoy the pleasures they have to share. Nic, Duke, and Tira are all on the same page when it comes to fulfilling their desires.

The problem that keeps this trio apart, Tira can't touch Nic. Every time she touches him she sees his death. Then she sees Duke push her away because he has lost his best friend. They have spent the past eight years avoiding each other.

Duke and Nic have very dangerous jobs within the lucani. When they have a close call with death this dire event leaves the trio questioning their distance. This is the push they needed to finally give in and see to their desires. They are determined to make the relationship work by any means possible.

I loved this novella. The first time that Nic, Tira, and Duke are all three together has got to be the hottest voyeuristic sex scene I have ever read. They knew what they wanted out of each other and they did everything possible to see that they got their happily ever after. The feelings they have for each other just couldn't be denied any longer and it came together into an awesome novella.

I love this series, along with the other related spin offs and how they intertwine.

Loved Moonlight Menage. Tria is a strega seer. At 18 her first kiss with her mate Nic, a lucani wolf shifter, triggered a vision of his death, and any touch to him since has triggered the same vision. Duke, lucani wolf, is Nic's best friend and also Tria's mate. While Duke is a null to her visions she can't take him without Nic. So they have remained seperated for years. When Nic is nearly killed and Duke badly injured on an assignment, Tria agrees to care for them while they recover. Nic has a plan to end their seperation, but has to overcome Tria's fear and Dukes feeling of rejection. A very steamy and emotional story.

Excellent story

This book was great and I really couldn't put it down. It was different from other shifter books I've read and I couldn't wait to see how it would end. I'm anxious to read the next book in the series as the first two have been terrific!
