From Library Journal

Betty Lover met the perfect "dark stranger" in a Michigan hospital. Her Iranian therapist, Dr. Sayyed Bozorg Mahmoody, became her husband and the father of their daughter, Mahtob. Despite the vicissitudes of the Iran-U.S. hostage crisis, Betty and he flourished until their summer "vacation" in Iran in 1984. The next year and a half were a nightmare. Betty and Mahtob, held hostage by Mahmoody and his family, were subjected to Islamic fundamentalism, Persian nationalistic fanaticism, and a life of squalor. This compelling tale of their terror and escape from Iran is recommended for most libraries. Literary Guild alternate. David P. Snider, Casa Grande P.L., Ariz .

FOR THOSE WHO THINK THAT BETTY WAS LYING.....

By ritz

I would advise you all to read her follow-up book to "*Not Without My Daughter*" called "*For the Love of a Child*". Betty WAS NOT LYING in any part of her book. She has proof of all her experiences and the way she escaped, namely, her stamped passport in Ankara, Turkey. Her ex-husband Moody, recently published his own side of the story in his book "*Lost Without My Daughter*" where he says Betty lied about everything, but he offers no concrete proof of this. Betty has her bus tickets, passport stamps and valid witnesses to the proof of her escape from Moody's wicked claws. More proof? Mahtob, her daughter, who is now an adult has repeatedly refused to acknowledge her father because her trust was betrayed as a child. Surely, as a grown woman, Mahtob is able to make her own decisions and her decisions stand as proof of what both she and her mother went through to get away from this madman (who has lied repeatedly). Also, this book (and the movie) was not meant as an affront to the Iranian culture. Quite the contrary, Betty goes out of her way in the book to relate the fact that it was the kind and compassionate Iranians who helped her escape from Moody's clutches. She received NO HELP from the U.S. state departments. People should remember that this is an honest depiction from HER standpoint and what SHE WENT through. She is only speaking for herself and no one else. As for Moody, well, he is obviously a bitter old man now. Perhaps he does feel loss and anguish for Mahtob, but he did bring the situation upon himself. If Mahtob refuses to have anything to do with him, it is her decision and who can blame her? It is time for people to realize that Betty's book was factual and not exaggerated in any way.

****AN EXCELLENT BOOK****

By JGC

NOT WITHOUT MY DAUGHTER is one of the very best books that I have ever read. My only regret is that I can't give this book more than 5 stars. Betty Mahmoody is very courageous for telling her story.

This is a story about an American housewife who goes to Iran with her husband and daughter. Her husband decides to keep her in his homeland against her will. She is a virtual prisoner at the mercy of her corrupt husband. Her basic human rights were violated, rights that any ordinary person takes for granted. She finally finds help to get back home but the journey isn't easy.

This book gives a really positive message which is that there is good in people all around the world. There were many Iranians who were willing to help her no matter what the consequences were.

I recommend this book to anyone who is interested in equality and human rights. Also, on the same topic I recommend any books by Jean Sasson.

it boils down to one thing

By A Customer

I loved this book. I have read through it a bunch of times and I always find it just as compelling. In a later review, I will get into that one more. In the meantime, I want to comment on the criticisms I see over and over. You accuse her of being biased. Let's consider some facts. Betty Mahmoody went to Iran with her daughter. That is a fact. Her husband would not let her leave. That is a fact. She was held against her will. Yes, I know she could have theoretically forced a divorce which would have gotten her deported but her daughter would have been stuck there. She was not allowed to leave freely and on her own terms simply because she was a woman. That is a fact that is written into the country's law. Criticize her if you feel you must. But just remember that she was held against her will just because of her gender. There is no justification for that. Please, tell me. What defense could her husband possibly have?
