Review

In this amazing account, Linnea and Sherer draw on biblical references in their story about the havoc let loose by the plagues. Continents are in peril as each plague is released, and Jaime and Mark race against time to prevent further catastrophe. Chapters shift from one location to another, building tension as each tragedy unfolds. (Donna M. Brown Romantic Times Book Reviews)

"A smart thriller that interweaves biblical puzzles with modern-day plagues. I read **PLAGUES OF EDEN** in a single sitting--too worried about Chaplain Jaime Richards and Earth to put the book down. A quick and engrossing read!" -- Rebecca Cantrell, New York Times bestselling of *The World Beneath* (Rebecca Cantrell)

About the Author

Another Successful Eden Thriller!

By Laura Shanahan

I'm always up for an exciting adventure and the Eden series never fails to delight.

Plagues of Eden is truly entertaining! I was fortunate to have the book during my late summer beach vacation and it proved to be a fantastic seaside read...keeping me on the shore longer than my family desired and spurring me to our favorite sandy spot each day. (I was saddened when I finished the book before the week ended. I wanted more!)

Having read and enjoyed (and shared with friends!) the three previous Eden books, I am happy to report that Plagues of Eden delivers a thrilling, if not electrifying and intoxicating, escapade. From the Eiffel Tower to the vineyards of France, Italy and China, and other provocative global locales, Plagues of Eden's format makes for a fast paced, page turning, fun and gripping way to travel the globe with one of my favorite heroines, Jaime Richards.

As I explained to a friend, I felt the format of the book read as episodes to a television series that I would have netflixed so I could view it in its entirety.

Though always fun and engaging, the issues employed in Plagues of Eden...from autism to chaos to tech savviness, (-just to name a few so not to spoil a good read!-)...made for a simultaneously thought provoking and entertaining read!

Fast Paced and a Real Joy

By TJ Antley

Just like no time has passed between books you find yourself right back with characters you may have forgotten that you knew so well. As with all of the books in this series the pace is full speed the whole time with plenty of action, suspense and situations so real that you will feel the discomfort, the stress and the relief along with the characters. Truly enjoyable to read, you will find yourself finishing this book in one or two sittings. I enjoyed Plagues of Eden every bit as much as I did the other three books in the series. If you like a fast moving story, honest characters, varied scene changes and real suspense you should enjoy this book. The authors are very talented story tellers that keep it fun and never boring and it really is impressive how much detail you get while never being bored by them. This book is worth your time.

Eden mystery continues!

By twilightreader3

I loved the first 3 Eden books! 3.5 stars!!! This was a good continuation of Jaime's story with Yani and Mark. A few too many random characters in the background but ending left open for more stories which I look forward to! Hopefully they will write more books!!
