This **Pretty Things: The Last Generation Of American Burlesque Queens By Liz Goldwyn** soft file to review can be referral for every person to boost the skill and capability.

From Publishers Weekly

Starred Review. A search for second-hand garments-"pretty things"-first prompted filmmaker Liz Goldwyn's lifelong fascination with the burlesque queens of the 1930s, '40s and '50s. After amassing a museum-worthy collection of their wardrobes and dancing paraphernalia, the enthusiastic young woman grew "convinced that every garment holds undiscovered revelations about its past lives." To learn more, she began contacting long-retired dancers and "through ten years of letters, visits, interviews and striptease lessons" documented their colorful-and sometimes tragic-stories. Tracing the evolution of this form of dancing from the Belle Époque to burlesque's mid-century heyday (which boasted such luminaries as Gypsy Rose Lee, Lily St. Cyr and Zorita), Goldwyn makes a convincing case for recognizing both the choreography and costume-making of this bygone era as a true art form. Fully illustrated with design notes, media clippings and hundreds of photos, this coffee table treasure serves as a companion book to the documentary film of the same name, which Goldwyn premiered on HBO in 2005. Ultimately, Goldwyn's contagious enthusiasm for her subject makes a fitting paean to this once-forgotten generation of women who led lives on the periphery of artistry and respectability.

From Booklist

The spectacularly illustrated book complementing Goldwyn's HBO documentary of the same name focuses on the early--twentieth-century heyday of burlesque in America, especially its stars. The granddaughter of Hollywood producer Samuel Goldwyn rationalizes that although "raised in the wake of women's lib, schooled to be independent and to downplay sexuality[,] . . . many women [feel] a strong attraction to the burlesque queen persona of self-aware sexuality," and photos of her in vintage stripper costumes bespeak her own attraction. But she sees "burlesque queens as artists and their costumes as examples of great craftsmanship." Book and documentary call attention to the era and the performers "so that their role in entertainment history can be reexamined and 'legitimized.'" Including details on such vital matters as costume construction for the sake of quick, easy divestment; a wealth of pertinent illustrations; great stories of such stars as Betty Rowland, Zorita, and June St. Clair; and snippets on the likes of Gypsy Rose Lee and Mai Ling, this package gives said reexamination a jump start. PRETTY THINGS: THE LAST GENERATION OF AMERICAN BURLESQUE QUEENS BY LIZ GOLDWYN PDF

“The most comprehensive study on the era of burlesque.” —V Magazine

Training her journalist's eye on the glitter and glamour of American burlesque's Greatest Generation, Liz Goldwyn takes readers on an enthralling tour of the original queens of the striptease. Goldwyn's incisive expose is a retrospective of the sights and spectacles of burlesque's golden age—and an intimate look at the women whose sexuality, ambition, and verve brought the cabaret stage to life. Today, as burlesque enters a heady resurgence worldwide—with festivals around the globe, popular books like *Burlesque Fetish* and *The Burlesque Handbook*, and even a *School of Burlesque* in New York City—*Pretty Things* offers a unique and exciting look at its formative past and its earliest heroines.

A Fine Tribute

By artcart

An artistic design layout provides the reader with lots of photos and scrapbook pages of original costume sketches, fabric swatches, letters, postcards, and lots more. This visual collage is a wonderful piece of film toward understanding the life these women lived. Their attitude and sex appeal as we know it only disguised the reality of their life, tough working conditions and a career contingent of youth and beauty eventually leading these women to fall on hard times and in the end forgotten.

10 of 12 people found the following review helpful.

Highly recommended!

By Sarah H

An enlightening look at a largely misunderstood/misinterpreted art form, this book combines rigorous scholarship, engaging narrative, rare photos, and well-executed design. Liz Goldwyn's love of the subject matter is clear and infectious. Highly recommended, as is the author's HBO special of the same name.

7 of 8 people found the following review helpful.

A Pretty Thing Indeed!

By Helene K.

The scholarly introduction is the first dropped shoulder strap promising all the pretty things to come. And we are carried away to behold the depths and heights and endless invention of the fine art of burlesque by the ladies who are never at a loss for a loss; creative and subtle. This book belongs in every library in every

home because it is about all the things that make life worth while and it deserves recognition for its artistic and educational merit.
