Though they have known each other since high school, Libby Diamond still cannot bring herself to tell her boyfriend, firefighter James Walker, about the yearning she has long felt for guidance, structure, and discipline in her life. It comes as quite a shock for Libby when she learns that not only has James known about her needs all along, he is also more than ready to give her what she seeks. Soon she is standing in the corner like a naughty little girl before being taken over his knee for a hard, bare-bottom spanking to remind her not to keep things from him.

Cindy Lewis has been hoping for years that one day the right man would come along for her—a firm daddy who would watch over her, hold her accountable for her actions, and sometimes even make her blush while he teaches her to be a good little girl.

When strange and alarming things start happening in her home, Cindy calls her best friend Libby for help. With her boyfriend still at work, Libby brings their old high school friend David Clark along to Cindy's house, and David and Cindy quickly hit it off.

It isn't long before Cindy is being bathed, cuddled, and spanked by her new daddy, but even as their romance blossoms, mysterious, disturbing events at Cindy's home continue to terrify her. Can David protect his little girl from whoever or whatever is lurking in the shadows?

DD romance with a great mystery!

By SH

I enjoyed this book! The story is about two couples, who are friends, and their journey into a DD relationship. But there is a very good mystery that kept me turning the pages until the end! The romance and relationship between the two couples are different but both are worth the journey. The mystery is icing on the cake! Read and enjoy, I certainly did. I received this book from Stormy Night Publications as an Advanced Reader Copy.

An erotic and suspenseful story!

By Betty

This erotic story will keep you guessing and stimulate your senses. David ,Libby & James reunite after many years. And when her friend Cindy joined the group, then there were four. Cindy inherits her aunt's house, and lives there with her dog Tucker. But when strange things start happening, a mystery weaves through the story that keeps your interest till the very end. Fun role play and love the humor. Naturally my favorite scene happened in Vegas. This was definitely a HOT read!!!!
