Great book

By Kevin O'Brien

I am a newcomer to Singapore, and this book was recommended to me by a friend. I owe that person my gratitude, because this book has changed my life. I was a shy and introverted fellow who had trouble with women and girls, but all that will be changing soon thanks to my new location and the insights gained by the book. I am confident that my "lady problems" are a thing of the past, and I feel more radiant and purposeful than ever before. Look out world (especially you ladies), here I come!

Humorous Look at Asian Blind Worship of the West

By A Customer

I purchased this book in Singapore, a tiny city-state with a society that is more western compared to equally prosperous neighbors to the north. The book takes a humorous look at a group of ethnic Chinese Singaporean women who stake out joints catering to white expatriate men. The book illustrates one of the bad side effects that a once traditional nation going through dramatic westernization in a short period had to suffer.
