Maxim This is not just how quickly you review a book and not only has the number of you finished guides; it has to do with exactly what you have gotten from guides.

THE BANNERMAN SOLUTION (THE BANNERMAN SERIES)

BY JOHN R. MAXIM PDF

This is the first book of the Bannerman Series.

On the surface, the affluent town of Westport, Connecticut seems peaceful. But when a team of deadly assassins, led by Pasul Bannerman, "retire" there, taking jobs as the local travel agent, the local bartender - your next-door neighbor - things will never be the same again. For although Bannerman and his people have had enough of hunting, being hunted, and all they want is a chance at a normal life, perhaps even meet the sort of man or woman they'd only dreamt of meeting, there are those who refuse to live and let live.

THE BANNERMAN SOLUTION

Paul Bannerman was once his nation's deadliest weapon- a top covert operative heading up the most lethal group of contract agents and a far-flung network of specialists in all of Europe. Now Bannerman is a liability, an unpredictable and uncontrollable loose cannon that could irreparably damage America's shaky intelligence structure, if he chose to. So the decision has come down from the top: Bannerman and his people must be eliminated.

Suddenly death is running rampant in Westport - one in a secret nationwide network of "halfway towns" where the country's most dangerous former agents are sent to be deprogrammed or to be quietly disposed of. At war with powerful elements within his own government - a war not of his making, - Bannerman has been lured here to this place of yard sales, minivans, commuter trains and murder. The plan is for Bannerman and all his key people to die here. But Bannerman has other plans.

Good Story, horrible conversion to Kindle

By Mark Naile

It's a good story, shame it was so poorly converted to Kindle. Many misspelled words and as said before hyphens, offsets and font changes when there shouldn't be.

5 of 6 people found the following review helpful.

Great book, lousy transformation to Kindle

By Mercer

I love everything Maxim has written and have all his books in hardcopy. Bought the Kindle editions so I could take them with me easily, but the author and publisher, and Amazon, should be ashamed for the lousy

job that was done producing the Kindle edition. Haven't yet checked the rest of my Maxim Kindle purchases but can only hope this one is an aberration. To charge more for the Kindle version than the paperback and produce a product with no cover art or TOC, nor the usual credit and other prefatory and concluding matter, and with so many missing words, incomplete words and paragraphs, font and formatting errors is inexcusable. The ebook is well nigh unreadable and sure to turn off a reader new to Maxim's work. I wouldn't be surprised to find out that it was converted to Kindle using a third-rate OCR conversion product from a hardcopy edition. Certainly no human edited the ebook before it was put on sale. SHAME, SHAME, SHAME!!

Addictive

By Amazon Customer

I am addicted to John Maxim in general and his Bannerman series in particular. They are my candy, escapism and what if all rolled into one. Who hasn't dreamed of having a completely safe haven where one has friends who will keep you totally safe no matter what; where one can pick up on a moments notice, fly off to exotic places and blow away the bad guys. That is exactly what John Maxim creates. Bannerman and his people are the essence of a group of people who take care of their own no matter what. For an evening of enjoyable light reading try any of John Maxims books and in particular his Bannerman series -- you won't be sorry.
