Why ought to be reading The Complete Idiot's Guide Astrology Dictionary By Arlene Tognetti, Stephanie Jourdan Ph.D, Cathy Jewell Once more, it will certainly depend upon how you really feel as well as think of it. It is surely that of the benefit to take when reading this The Complete Idiot's Guide Astrology Dictionary By Arlene Tognetti, Stephanie Jourdan Ph.D, Cathy Jewell; you can take a lot more lessons straight. Even you have actually not undergone it in your life; you could obtain the experience by reading The Complete Idiot's Guide Astrology Dictionary By Arlene Tognetti, Stephanie Jourdan Ph.D, Cathy Jewell And now, we will certainly introduce you with the on-line book [The Complete Idiot's Guide Astrology Dictionary](#) By Arlene Tognetti, Stephanie Jourdan Ph.D, Cathy Jewell in this web site.

From the Inside Flap

Dear Reader,

Planets, houses and signs ... oh my! Astrology deals with serious stuff, but learning it can be fun, like a game or an adventure. When you first discovered more about your Sun sign, you probably felt excited, enthused, and satisfied. You understood yourself so much more. You figured out the people in your life.

Then you discovered how much more there is to learn. Now you may be wondering whether you can ever master all there is to know about astrology. You can ... and know that you are not alone: everyone feels this way. And there's no rush to learn everything. One of the great things about astrology is that you can work with whatever you know so far. Because astrology is about being human, it needs integration with the real world of human experiences. This book is perfect for that. Instead of consecutive chapters that build on each other, you are free to wander the pages and pick out what appeals to you. And of course, it's an invaluable resource as a dictionary. It's so frustrating to find an article or book that really interests you, only to be shut down by some astrological term you've never been exposed to. You will find knowing the language of astrology to be very empowering. The journey of life has its ups and downs, as we all know.

And with The Complete Idiot's Guide Astrology Dictionary, you can navigate some of the mysteries of life. As we started writing this dictionary, we added humor, encouragement, and awareness that mysteries can be solved ... or at least, understood. We hope you may read this book with the knowledge that astrology can be a tool of personal awareness: the more you learn about astrology, the more you will see in the stars. Stargaze your way to personal power! Arlene Tognetti Stephanie Jourdan, Ph.D. Cathy Jewell

From the Back Cover

Find yourself in the stars. you know that signs, planets, and houses have special meanings in astrology -- but when you look at your chart, all the symbols and relationships you find there can be overwhelming. What does it all mean? The next best thing to having a personal astrologer, The Complete Idiot's Guide Astrology Dictionary demystifies the art and science of astrology, giving you the knowledge you need to find the answers you're seeking. In this heavenly guide, you get:

- An A to Z listing of over 1,000 astrological terms defined, from "above the earth" to "zodiac order."
- Detailed insights into interpreting Sun sign, house, and planetary relationships in your chart--including asteroids.
- Expert advice on decoding the components of your astrological chart with the confidence of a pro.
- Tips on using aspects, transits, and retrogrades to reveal deeper truths about your life.
- A visual guide to glyphs and other astrological symbols--and what meanings they hold for you.

This Book Is For You!

By SnackGirl23

If you are at all curious about Astrology, this book is for you. If you are a student of Astrology, this book is for you. If you get readings done and wish you understood what the heck your astrologer was talking about, this book is for you.

For most people, learning how complex Astrology is can be quite a surprise, and somewhat daunting. This *Astrology Dictionary* has a huge amount of information in it, but they have written it so that it is very easy to read, and all the information is incredibly accessible. Because it is truly a "dictionary", everything is alphabetical so even if you are like me and can get distracted easily by all the really interesting bits of information, you can't get too lost. Plus, they have taken the extra step to use simple icons at the end of each definition, so you can instantly see what areas of astrology that particular explanation relates to, such as signs, planets, birth charts, compatibility, etc. I never would have thought of doing that, but it's very cool and really helps!

The first thing you're going to do is read the definition of everything you know about on your own chart. Then you'll read about everything that is on your significant other's chart, and your kids charts, etc. The great thing is that even if looking up lots of different things, it's all easily found and understood. You may as well just get all the different color highlighters out now because you'll use them - one color for you, one color for each kid, etc. If you're like me, this is the book that, in a short period of time, will be full of highlighter colors, dog-eared pages, and notes in the margin.

I also find myself grabbing this book every time I am reading any other astrology book. If I need more information about something, or get confused reading some of my other books, this is the one I grab to quickly give me the information I need. It is the best reference book! Remember, back in the day, when we all had a Funk and Wagnall dictionary on our bookshelves? That doesn't happen much anymore, but this Astrology Dictionary definitely needs a spot on your bookshelf. I guarantee, it is the one you will keep reaching for time after time!

Excellent resource

By Sharon Rosenfield

As an astrological resource the Astrology Dictionary is extremely useful and interesting to use. Enjoyed the format, making it possible find terms and information. If you have a chart this book is essential to interpret information on an ongoing basis.

If You Want To Understand Astrology, Buy This Book!

By D. S. Murphy, MsD

"The Complete Idiot's Guide: Astrology Dictionary" is the most easily understandable book on Astrology I've ever read despite the fact that it covers some extremely complex concepts. This book is much more than a simple dictionary of astrological terminology; it could easily double as a fully comprehensive self-study course for any student of astrology, allowing the student to progress to an intermediate level of knowledge and create a solid foundation for moving on to advanced concepts. The "Astro Theme" symbols used in the book allow the reader to link up and correlate astrological concepts in a 3-dimensional fashion, facilitating a fast track to learning. And, for those who simply wish to understand their own charts, this book gives you everything you need in simple to understand language.

If I could only have one book on astrology, "The Complete Idiot's Guide: Astrology Dictionary" would be it.
