Excellent for readers in financial recovery

By A Customer

I was immediately drawn to the author because he made no bones about his past -- he had filed for bankruptcy. Most financial help books are written by experts who have always handled money well, and have no idea how to struggle with overwhelming debt, or what bankruptcy is actually like. As a single mom who filed for bankruptcy right along with the divorce, I DO know what it's like, and appreciated Mr. Ramsey's nonjudgmental attitude. And as a Christian, I appreciated his faith-based approach. Within this framework I found his advice practical, basic and detailed, just what I needed for getting back on my feet. I highly recommend it.

Outstanding Companion to the Book

By A Customer

First, get and read Dave Ramsey's "Financial Peace Revisited." Then get this planner, which takes you step-by-step through Dave's tried-and-true techniques for getting out of debt and getting your financial house back in order - and KEEPING it in order forevermore. Whether you're in serious financial trouble, or simply want to have a little more control over your money, this is the plan for you. Dave Ramsey uses simple, easy-to-understand, yet vivid language to communicate a powerful message.

The Best of Ramsey's Many Books

By chintz22

Initially I was suspicious of Mr. Ramsey, who seems to repackage his few simple ideas that into various combinations in order to sell more books. The Financial Peace Planner is the only book you really need to follow his program. It is comprised of the most important points and gives the clearest instructions on how to budget your money. The other books are worth reading, but get them from the library and put the money you would have spent on them towards your first baby step.
