River Review

By Rivergirl

This is not just another tour guide book. I grew up on the northern Hudson so the river has always been a part of my life. The little stories and historical tidbits made the Hudson come to life for me once again. Even for a local history buff there are many kernels of knowledge that I was unaware of. A good read and background for touring the length of the Hudson River Valley whether in person or from your armchair.

VERY GOOD !!!!!

By Frances Majeed LPN

I enjoyed reading the history of the towns and villages along the Hudson. There is so much to learn about the valley and the many photographs help to understand what you are reading. It would be a good book for children to learn about the river. I was so pleased to learn that all the remaining lighthouses are being preserved.

For Hudson river lovers

By nmf

Very nice books with brief descriptions of most towns on the hudson river. I have lived in different places near the hudson all my life and really enjoyed this book. I bought it as a present and then one for myself. i plan to investigate some of the places described.
